KALEIDOSCOPE: An introduction to learning styles
Presenters: NJEA

Adults have preferred paths called learning styles that drive their approach to acquiring and mastering knowledge. Participants will learn how to identify their individual learning styles and the implications those learning styles hold for themselves and their interactions with others in and outside the workplace. Both theory and practical techniques and ideas are included. A portion of the workshop will explore opportunities for continued learning on this topic.

“For everyone’s safety, we ask all attendees to wear a mask when community transmission is deemed high and to please stay home, if experiencing symptoms of Covid-19, awaiting the results of a PCR test, or caring for an individual with Covid-19.”

TWO HOURS OF PROFESSIONAL DEVELOPMENT CREDIT GIVEN
Information regarding conference cancellation can be found on our website www.bcea-njea.org or by calling the BCEA office at 201-833-9166.
